Here's a more detailed breakdown:

Launch the Ball:
Pull the plunger back and release it to launch the ball into the playfield.
Use Flippers:
Use the flippers on either side of the playfield to hit and direct the ball, preventing it from falling out of play between the flippers.
Score Points:
Launch the ball through the alien arch, hit and flip score tiles, or ring the bell to earn points.
Keep the Ball in Play:
The goal is to keep the ball in play for as long as possible to rack up points.
End of Game:
The game typically ends when the ball falls out of play, or when all 3 balls from the round are played.
