

## EASEL DOES IT

Thank you for purchasing Easel Does It!

Easel Does it can be used different ways:

- as a chalkboard (chalk not included)
- a dry erase board (dry erase markers not included)
- a drawing or painting surface (art paper roll included)

Unspool some of the paper and thread it through the bars located on the dry erase section to draw, paint or color. On the reverse chalkboard side, the paper can be secured with the 4 giant magnets. Adjust the blue shelf by moving it to the right or left inside the slot. Paint cups fit into the paint cup holders on the reverse side and are also adjustable. To store the easel, close it flat by removing the accessories, unhooking the side catches, and folding the legs together.

Additional paper rolls can be purchased separately.

For best results, season your chalkboard prior to use. Take a piece of chalk, turn it lengthwise at the top of the chalkboard, and move it from top to bottom, covering the entire surface in chalk. Then, take a paper towel and rub it in. With a soft, slightly damp cloth, wipe the chalk clean. This will help the porous surface of the chalkboard absorb chalk more easily.

We hope you love Easel Does It!
